

# Widgety - Privacy Policy

Last Updated: October 4, 2025

## Introduction

This Privacy Policy describes how our iOS application ("the App") collects, uses, and protects your information when you use our widget service to access third-party APIs, including Google Spreadsheets.

## Information We Collect

### Information You Provide

- **API Credentials:** Authentication tokens, API keys, and access credentials you provide to connect to third-party services like Google Spreadsheets
- **Configuration Data:** Widget settings, cell references, refresh intervals, and display preferences you configure within the App

### Automatically Collected Information

- **Usage Analytics:** We collect analytics data using camelCase naming conventions, including:
  - widgetInteractions
  - apiRequestFrequency
  - errorRates
  - sessionDuration
  - featureUsage
- **Device Information:** Device model, iOS version, and app version for compatibility and performance optimization
- **Log Data:** Technical logs related to API requests and widget performance

## How We Use Your Information

We use the collected information to:

- Facilitate connections between the App and third-party APIs you authorize
- Display real-time data from your connected services on your iPhone home screen
- Improve app performance and user experience
- Troubleshoot errors and technical issues
- Analyze usage patterns to enhance features and functionality

## Third-Party API Access

### Google Spreadsheets and Other Services

- The App accesses third-party services solely based on your explicit authorization
- We only request the minimum permissions necessary to retrieve the specific data you want to display
- Your API credentials are stored securely on your device using iOS Keychain
- We do not access, store, or transmit the content of your spreadsheets or other third-party data beyond what is necessary to display in your widgets

### Data Transmission

- API requests are made directly from your device to the third-party services
- We do not store the actual cell values or spreadsheet content on our servers
- Connection metadata may be logged for troubleshooting purposes

## Data Storage and Security

- **Local Storage:** Your API credentials and widget configurations are stored locally on your device using secure iOS storage mechanisms
- **Encryption:** All data transmitted between the App and third-party APIs uses industry-standard encryption (HTTPS/TLS)
- **No Cloud Storage:** We do not store your third-party API credentials or the content retrieved from those APIs on our servers

## Data Sharing

We do not sell, trade, or rent your personal information to third parties. We may share information only in the following circumstances:

- **With Your Consent:** When you explicitly authorize us to share specific information
- **Service Providers:** With trusted service providers who assist in operating the App, subject to confidentiality obligations
- **Legal Requirements:** When required by law, court order, or government regulation
- **Business Transfers:** In connection with a merger, acquisition, or sale of assets, with notice provided to users

## **Analytics**

We collect anonymized usage analytics using camelCase conventions to improve the App. This includes:

- Widget performance metrics
- Feature adoption rates
- Error tracking and crash reports
- General usage patterns

You may opt out of analytics collection in the App settings.

## **Your Rights and Choices**

You have the right to:

- **Access:** Review what information we have collected about you
- **Deletion:** Request deletion of your data from our systems
- **Revoke Access:** Disconnect third-party API integrations at any time through the App
- **Opt-Out:** Disable analytics collection in App settings
- **Data Portability:** Request a copy of your configuration data

## **Children's Privacy**

The App is not intended for use by children under the age of 13. We do not knowingly collect personal information from children under 13. If you believe we have collected information from a child under 13, please contact us immediately.

## **Changes to This Privacy Policy**

We may update this Privacy Policy from time to time. We will notify you of any material changes by:

- Posting the new Privacy Policy in the App
- Updating the "Last Updated" date
- Sending a notification through the App (for significant changes)

Your continued use of the App after changes constitutes acceptance of the updated Privacy Policy.

## Third-Party Services

This App integrates with third-party services, including but not limited to:

- Google Spreadsheets API
- Other third-party APIs you choose to connect

Each third-party service has its own privacy policy governing how they handle your data. We encourage you to review their privacy policies:

- Google Privacy Policy: <https://policies.google.com/privacy>

## Data Retention

- **Configuration Data:** Retained while you use the App and for 30 days after account deletion
- **Analytics Data:** Retained for up to 24 months in anonymized form
- **API Credentials:** Stored locally on your device and deleted when you disconnect a service or uninstall the App

## Contact Us

If you have questions, concerns, or requests regarding this Privacy Policy or your data, please contact us at:

[Contact Form: Link](#)

## California Privacy Rights

If you are a California resident, you have additional rights under the California Consumer Privacy Act (CCPA), including the right to know what personal information we collect and the right to request deletion of your information.

## **International Users**

If you are accessing the App from outside the United States, please be aware that your information may be transferred to, stored, and processed in the United States where our servers are located.

---

By using this App, you acknowledge that you have read and understood this Privacy Policy.
